Artspace Cooperative Housing Overview

1 COOPERATIVE HOUSING

Housing cooperatives are associations of individuals who have come together to provide quality, affordable housing. Membership in a housing cooperative is available to anyone who is willing to participate in and take the responsibility of the cooperative's management and operations. Cooperative housing provides an alternative to renting and individual ownership because they are a form of housing in which the members jointly own and manage the complex they live in.

The Cooperative Model is a business management strategy used by financial institutions, farming companies, daycares and other businesses, e.g. Mountain Equipment Coop (MEC). For cooperative housing, the cooperative secures the mortgage financing necessary to develop the housing project. Members become shareholders and make a monthly housing charge payment, which covers their household's portion of the cooperative's actual expenses, e.g. costs in or receivables accumulated from a member's housing charge.

The basic structure of a cooperative provides members with additional benefits not offered in other forms of multiple ownership housing. A cooperative is a democratic organization where each individual unit has one (1) vote thereby ensuring the cooperative cannot be controlled by a small number of shareholders. A cooperative consists of individuals working together to achieve the common objectives of the community. All Members share with each other full, equal membership and responsibility of the cooperative.

2 HISTORY OF ARTSPACE

Artspace Housing Cooperative Ltd., was formed by a group of individuals directly involved in the arts community who had a number of objectives that they wanted to realize. The first was to develop a housing cooperative located in the downtown area to provide affordable, quality housing. In addition, the group desired to provide a proportion of Artspace's housing units accessible to individuals with disabilities. Artspace began as a warehouse-style apartment complex that evolved into a sixty-six (66) unit high rise and twenty-two (22) unit townhouse complex with twenty-nine (29) of those units adapted for persons with disabilities.

Artspace strives to be a tool for effective integration of persons with disabilities into mainstream society. Supports for Artspace Independent Living Inc., (SAIL) provides home care programs designed to assist people with disabilities. This program is supported and funded by Alberta Health Services and is able to provide 24 hour support to members, amongst other home care supports.

Artspace Housing Cooperative, Ltd., was incorporated in March 1989 and the highrise officially opened November 1, 1990.

3 ACTIVE PARTICIPATION

Membership is based on active participation. The Cooperative is open to all individuals who are willing to volunteer their efforts to help with its governance. Members must be prepared to agree to the following basic principles:

- Attend meetings of the General Membership;
- Actively participate in the continued development of the Cooperative community; **and**
- Volunteer to serve on a Committee, which helps to reduce operating costs.

Artspace Committees

Board of Directors	The Board governs the Cooperative according to the Bylaws and Policies approved by the Members, and according to Federal and Provincial laws. The Board manages the day-to-day operations and sets priorities based on resolutions passed by the Members at the Annual General Meeting. The standing committees of the Cooperative are responsible to the Members through the Board.
Membership Committee	The Committee conducts interviews and recommends Applicants to the Board of Directors for Membership. It helps to integrate new Members into the community and promotes social participation.
Maintenance Committee	The Committee aids staff in monitoring the buildings, housing units and grounds. It also works with staff on security and parking issues that may adversely affect Members.
Decorating Committee	The Committee maintains the interior and exterior aesthetics of the buildings of Artspace. It assists in enhancing all Members' common areas.
Finance Committee	The Members on this committee are responsible for monitoring housing charges, subsidy disbursements, grant writing, and assist in the planning of the annual budgets.
Social Club	The Club organizes and hosts social and recreational activities for the Members throughout the year.
Member Relations Committee	Each year, Members are elected by membership, to serve on this Committee, to help mediate disputes and relations between Members.
Bylaw Review Committee	This Committee reviews and provides recommendations on amendments to the Bylaws & Policies.

4 PURCHASING SHARES

In contrast to other forms of renting or leasing of a residence, when an approved applicant buys into a cooperative, they become a shareholder. As a shareholder, members are entitled to exclusive use of a housing unit and all the amenities included on the property. Each member household will purchase forty (40) shares with a par value of twenty-five dollars (\$25) each, or one-thousand dollars (\$1000) in total. Payment plans for the share costs can be discussed with the Office Coordinator.

As a member of the cooperative, each household is entitled to one (1) vote at all membership meetings giving them an equal voice in the governance and affairs of the cooperative. If a member household decides to terminate their membership, the cooperative will deduct any amount owing from the shares if the unit is not in marketable condition or there is an outstanding balance in housing charges.

5 HOUSING CHARGES

Housing charges are variable throughout the Cooperative for it depends what type of unit and where in the complex the unit is located. For all units, the cost of heat and water is inclusive.

Each Member will ensure that the household makes arrangements for monthly Electronic Funds Transfers with the Office Coordinator. Housing charges are comprised of the following:

- a. Monthly housing charges (less applicable subsidy);
- b. Sector support contribution fee: \$6.00
- c. Cable TV services: \$39.00
- d. Parking fees (if applicable): \$22.00 for surface or \$44.00 for parkade

New hook-up charges for cable TV through Shaw Cable Services is free of charge. All Members are entitled to one (1) HDPVR which must remain in the unit upon termination of membership. It is the member's responsibility to set up cable services.

Housing charges do not include the following costs to the Member, if applicable:

- a. Wifi / Internet services;
- b. Electricity;
- c. House telephone or cell phone;
- d. Additional cable hook-ups or services.
